

# WOLFPACK MOTORSPORTS

## FORMULA #16

Designed and built from the ground up, Car #16 was the first formula car Wolfpack Motorsports ever built. During competition in the Spring of 2000 at Michigan International Speedway, the car won Rookie of the Year and came in 17th place out of 104 teams. This car is powered by a naturally aspirated Honda F3 engine producing 68hp and 50ft-lb of torque.
